Forecast For The United Kingdom
Issued by Met Office Exeter
at 1500 on Friday 23 Apr 2021

UK Outlook for Saturday 8 May 2021 to Saturday 22 May 2021:
Confidence is low for this outlook as is typical of spring. The UK will likely see spells of fine, dry weather at times, but with an increased likelihood of more unsettled conditions when compared to April. All areas could see periods with showers or longer spells of rain. Temperatures could be close to the average for this time of year.
